DENIZ SENYURT CEO & FOUNDER

Deniz Senyurt has been in international trade and investment business for more than 25 years. She is actively involved with Virginia and Texas States' Economic Development Agencies, local Chambers of Commerce and Port Authorities. With her expansive network, she has helped many foreign companies/individuals invest in the USA. She understands the difficulties and hurdles attached to being a foreign investor in the USA and has the solutions for those problems. She also has the knack for finding good investment alternatives for her clients.

Deniz is highly experienced in implementing foreign direct investment projects. She worked with several foreign clients to establish their factories in the State of Texas. Her vast knowledge of US real estate market and the network of immigration, commercial and real estate attorneys, CPAs, and consultants will make the relocation of your business to the USA hassle free.

Moreover, Deniz is also knowledgeable about the state level incentives and works very closely with the local state level authorities so that her clients get the best investment incentives available in the market.
